

Hello, Old MacDonalds Rural Education Team

I am writing this letter to apply for the position of over 2 Kaiako. I heard about the position from one of my teacher friends. After researching on your website, I think I am a good fit for this position.

I just graduated from New Zealand Tertiary College in March and got my Graduate Diploma in teaching. I am provisionally qualified at the moment. I have been working as a relief teacher at Kindercare, Henderson for more than 13 months.

After visiting your website, I was impressed by your centre philosophy. Sustainable practices are what I want to implement with a background of studying environmental science for 4 years. Those wonderful pictures of Tamariki making incredible connections with mother nature in the centre is what I've been dreaming for as a child. I would love to stand by children and explore the natural world together.

Through study, field practice, and work experience, I developed my skills as an ECE teacher. I build strong relationships with tamariki, whānau and teachers within my home center. I like teamwork and worked well with teachers from all rooms. I am a responsible and reliable person who get my work done effectively and support my team after that. Most importantly, I love working with children, and I chose this as my future career. I commit to being a teacher who is loving, respectful, and supportive.

Thank you for your time and consideration. I would like to communicate and discuss my suitability for the position. I am looking forward to an opportunity for a personal interview, and please contact me if you have any questions without hesitation.

Regards
Meixuan Liu (Alex)
